Consumer Fireworks Retail Sales (CFRS) Permit Application
REF. A.R.S. Title 36, Chapter 16,
C.O.T. Ordinance 2018.38 and NFPA 1124 2013 Edition

A permit is required for the retail sales and storage of consumer fireworks. Permits are not transferable and are for the sole use of permit holder. Permits cannot be leased, subleased, contracted, or subcontracted to any other person. Permits are valid for 60 days for one location only.

General Requirements

- The firework supplier is responsible for obtaining the permit and coordinating with the responsible party to provide an accurate display date. The inspection will be scheduled for the display date provided on the application.
- CFRS Tent /membrane structure exceeding 400 square feet in size will require an additional permit.
- A detailed site shall be provided with each permit application for outdoor sales. The site plan shall indicate the minimum distances from public ways, buildings/structures, other CFRS facilities, fuel dispensing stations, flammable/combustible liquid above ground tanks, flammable gas aboveground tanks, fire department access, vehicle parking, generators and internal combustion engines. Locations of the firework displays, fire extinguishers, no smoking signs and no discharge signs within 300 feet signs shall be indicated on the site plan.
- A detailed floor plan shall be provided with each permit application for sales conducted inside of a building/structure. The floor plan shall indicate the locations of CFRS storage and displays, CFRS storage and display heights, flame breaks, horizontal barriers, number of exits, egress travel distance, aisles, aisle widths, fire extinguishers and required signs.
- A complete record of inventory shall be provided with each permit application.
- The permit applicant is responsible to forward a copy of the approved permit and application to the responsible party/manager. A copy of the permit and application shall be made available on site for review upon request.
